PROFESSIONAL EXPERIENCE

COOK SYSTEMS – Memphis, TN   **06/22 – Present**
FastTrack Developer

Social Media Assessment
- Implemented RESTful Web Service with thirty endpoints for creating users and tweets and added functionality to respond to, repost, delete, or request a tweet, leveraging Spring's inversion of control
- Coordinated team efforts by dividing tasks by class and individual developer strengths
- Used annotations to direct Spring on how to handle various HTTP requests that could be submitted to our server
- Built code into a Maven project using Eclipse, debugging errors that arose during build process and errors that preventing the application from starting

Environment: Java, Spring Boot, JPA, PostgreSQL, PGAdmin, Postman, Git, Eclipse, Maven

Environment:

Whitaker-Myers Wealth Managers – Wooster, OH　　　　　　　　**01/22 – Present**
Client Relations Manager
- Streamline account opening processes to reduce time spent from 20 down to 4-5 minutes by utilizing a digital system that replaces traditional paperwork form fill, eliminating redundancy in data entry and the time taken to submit and process these forms
- Automate workflow tasks to eliminate redundancies, including permission assignments and portfolio rebalancing, both of which can be performed in bulk firm-wide once the systems were implemented
- Implementing efficient practices that allow advisors to devote more time to our clients by automatically assigning tasks in our CRM, which streamlines the tasks that advisors delegate and the delegates the tasks for them

Rite Aid Pharmacy – Wooster, OH　　　　　　　　　　**04/20 – Present**
Certified Pharmacy Technician
- Handle customer concerns directly to avoid unnecessary escalation to the pharmacist by offering alternative solutions, including delivery when a patient cannot wait at the pharmacy for a needed medication, accepting a walk-in vaccine patient when the patient has difficulty with scheduling software or struggled to find acceptable times, and offering partial quantity or emergency fills of medication when the patient should not go without his or her medication
- Show proactiveness in pharmacy technician training and immunization courses by completing requirements ahead of target dates to increase scope of practice and responsibility, adding value to the pharmacy by increasing vaccine appointment availability and reducing medication preparation times
